**READ - HISTORY OVERVIEW**

Since 1994 (Warsaw, Poland), the seminar has been organized every two years as a general forum for exchange of information about progress in aerospace engineering research. The unique feature of the seminar is given by its focus on aircraft engineering education and juried student session.

Over the years, the seminar has travelled from Warsaw (Poland), through Vilnius (Lithuania), Riga (Latvia) to Tallinn (Estonia), Brno (Czech Republic), Rzeszów, and Warsaw again.

This time "READ" traveled further to the south of Europe and landed in Sicily, hosted by Kore University of Enna.
